IT SKILLS

- HTML
- CSS
- JavaScript
- Postman
- Python
- C++
- React.js, Next.js
- FastAPI, Node.js
- REST API
- Git, Visual Studio Code
- Object Oriented Programming

SOFT SKILLS

Communication	<div><div></div></div>
Analytical thinking	<div><div></div></div>
Problem solving	<div><div></div></div>
Organization	<div><div></div></div>
Team work	<div><div></div></div>
Detailed	<div><div></div></div>

LANGUAGES

Bosnian (native),
English (Upper Intermediate),
German (Basic)

PROJECTS AND PROFESSIONAL ABILITIES

Programming languages and projects

- Matrix Operations Program in C++: Demonstrated advanced knowledge in working with complex algorithms such as fast matrix multiplication and showcased strong proficiency in object-oriented programming (OOP) principles.
- Maze Solver Program in C++: Showcased expertise in graph theory and dynamic programming.
- API Development for Asset Registry: Displayed proficiency in working with relational databases.
- Mobile Application Development: Created a single-player version of the popular game "Slagalica" using Android Studio and Jetpack Compose

Web development

- Front-End and Back-End Proficiency: Skilled in front-end technologies like React.js, Next.js, and Tailwind, as well as backend technologies like Node.js and FastAPI.
- Team Communication Project: Developed a team communication application, including task creation, user communication, and management using Node.js and EJS for the front-end.
- Leadership and Teamwork: Led the development of an alumni application for the Faculty of Natural Sciences and Mathematics, consistently delivering tasks on time and demonstrating excellent team communication on an Agile project with 4 team members.
- Used Next.js for the front-end and FastAPI for the back-end.
- Hackathon Participation 2024: Collaborated with a team to create a job search website (similar to Klix posao) using Node.js, facilitating job search functionalities for users.

Additional skills

- Design Tools: Knowledgeable in Adobe Suite tools like Photoshop and Illustrator.
- Statistical and Mathematical Tools: Competent in using statistical and mathematical tools such as IBM SPSS and Wolfram Mathematica

ABOUT ME

Motivated final-year software engineering student with experience in programming and software development. Passionate about learning new technologies and solving problems. Seeking an internship opportunity as a software developer to apply acquired knowledge and enhance skills.
